Plastics Recycling Pioneering Ideas and Regional Views

This crucial seminar will focus on regional views on recycling policy with speakers from England, Wales, Scotland and Northern Ireland. Attendees will discover the different approaches to recycling from the different regions, their ideas, the impacts and what the future holds.

The afternoon session will showcase pioneering ideas from the recycling industry including an examination of the future of films and case studies on farm waste, zero pellet loss and steel coil edge protection.

SEMINAR PROGRAMME:

Morning Session

10.00 Registration & Refreshments

10.25 Chairman's Introduction
Roger Baynham
Philip Tyler Polymers

10.30 Towards Circular Plastics
Herman Van Roost, Total

Regional Recycling Solutions

10.45 Collection Blueprint Wales
Andy Rees, Welsh Government

11.05 Regional Perspectives on
Recycling Policy
Andrew Dick, Zero Waste Scotland
Claire Shrewsbury, WRAP
Tim Walker, Belfast City Council

11.20 Panel Debate on Different
Collection Techniques in
Regions of the UK

11.35 Morning Break

11.50 Support That Can Be Offered to
Plastics Recyclers
Carl Nichols, WRAP Cymru

12.10 EPS, Resource Efficiency and
Recycling
Glyn Staines, Dart Products Europe &
Lubna Edwards, LINPAC Packaging

12.40 Networking Lunch

Afternoon Session

Pioneering Ideas in Plastics Recycling

13.40 How Recycling Farm Waste in
Wales Can Generate Employment
and Aid the Development of the
Circular Economy
Mike Baxter, BPI

14.00 Plastics and the Circular
Economy
Werner Bosmans
European Commission

14.20 Manufacturing Sustainable
Packaging and Steel Coil Edge
Protection
Damian Walsh, Pulse

14.40 Afternoon Break

15.00 The Future Challenges of Recycling
Flexible Packaging Films
Keith Freegard, Axion Recycling

15.20 Case Study: The Circular Economy
and the Ricoh 'Return, Reuse &
Recycle' Initiative
Andy Whyte, Ricoh

15.40 Tea/Coffee and Close

Roger Baynham

Philip Tyler Polymers

Roger has been Chairman of the British Plastics Federation Recycling Group since 2011 and has close to 30 years experience in the industry with Philip Tyler Polymers LTD where he has been Managing Director since 1994. He has held various other directorships including Environmental Recycling Technologies PLC where he held executive and non executive roles between 2008 -2015. He sits on the management committee of Plastics Recyclers Europe and is Deputy Chairman of the recently formed BPF Sustainability Committee.

Mike Baxter

BPI

Mike joined BPI in 1988 and has held senior roles within various BPI businesses including polythene extrusion, printing, conversion and recycling. Currently he is responsible for all External Affairs representing BPI at UK and European Governmental levels plus trade associations including PRE, the British Plastics Federation and EuPC.

Mike is also a Director of BPI's Recycled Products business with responsibility for the Company's range of Plaswood Recycled Rigid products

Keith Freegard

Axion Recycling

Keith is a Director of Axion Recycling Ltd, with over 30 years of operational management experience in a wide range of production environments. In recent years he has led the development of Axion's unique End-of-Life vehicle recycling business in Manchester with a focus on sales and marketing of high-quality plastics, aggregates and alternative fuels made from recovered ELV & WEEE waste streams. He is Vice Chairman of the BPF's Recycling Group and a non-Executive Director of OPRL – the on-pack recycling label scheme for consumer packaging.

Tim Walker

Belfast City Council

Tim has been Head of Waste Management at Belfast City Council since 1997 and, during this time, he has introduced many schemes which have increased the City's recycling rate to over 40% in recent years

He has been the Regional Chair for both CIWM and IEMA. He was also Regional Chair for the RSA for five years. In 2012, he was elected as a Trustee of CIWM and, in this capacity, he represent the Institution on the Society for the Environment (SocEnv). He sits on the national Waste Network Coordinators group which considers Government policy and how to deliver it and, as a TAG representative; he works closely with NILGA on similar regional waste and resources management matters as well as sitting on the Dept of Agriculture, Environment & Rural Affairs (DAERA's) Waste Programme Board.

For the past year, he has sat on the NI Govt's Task & Finish Working Group on the Circular Economy to consider how to include this agenda within the emerging outcome-based Programme for Government.

Damian Walsh

Pulse

Initially a Production and Mechanical Engineer with Land Rover, Damian had developed his career in Business Support with Welsh Government and latterly with WRAP Cymru, his focus being the use of recycled content in manufacture.

Now the Commercial Director of Pulse Plastics and Polymer Extrusions, he has responsibility for driving new sales within both businesses for existing and new products and identification of post-industrial plastic waste to reprocess as feedstock for both production facilities!
